

Capability Statement

DU-LITE[®]

CORPORATION

Company:

Du-Lite Corporation is a Connecticut based small business founded in 1939; the corporate office is located in Middletown, CT. Du-Lite Corporation has been a leading supplier of black oxide (bluing), and manganese phosphate (parkerizing) finishes for firearms which prevents rusting and enhances their appearance. Du-Lite also manufactures many different types of Oils & Lubricants with many different attributes including Water Displacing Oils, Air Tool Lubricant, and Penetrating Rust Preventative Lubricants. An important part of our success has been the technical support we provide to our customers. We maintain a complete laboratory facility to assist customers in solving their most difficult metal finishing problems. Du-Lite Corporation sells to American and foreign manufacturers along with many distribution centers.

Company Principals:

Walter J Smith, Owner and business professional with over 50 years' experience in metal finishing business management, sales and marketing.

Patrick Smith, Business professional with 30 years experience in business management, and customer service.

Key Products:

- ✚ **Black Oxide** - Du-Lite "Oxiblak" for blackening cold rolled and regular steel in gas heated system. *Meets MIL-DTL-13924E, Class 1.*
- ✚ **3-0 Salts** - Black Oxide salts for blackening 300 and 400 series stainless steel, Post '64 M94 Winchester receivers, malleable and cast iron. *Meets MIL-DTL-13924E, Class 4.*
- ✚ **Du-Lite #45 Cleaner** - Heavy duty hot alkaline soak cleaner. Removes oils, greases and contaminants from steel and ferrous alloys.
- ✚ **Du-Lite Waste Water pH treatment Compound** - Formula used for neutralizing black oxide, alkaline cleaners and rinse water.
- ✚ **Du-Lite SD Compound** - Petroleum compound to remove occluded, trapped or retained salts from black oxidized parts.
- ✚ **Du-Lite "Kwikseak"** - Firearm lubricant, water displacing and rust preventative oil. Final process to protect black oxidized and phosphated parts. *Meets MIL-C-16173E, Class II, Grade 3 and Aeronautical Specification AMS-3065H.*
- ✚ **Du-Lite "RG-55"** - Lubricant for penetrating rust and corrosion leaving a long lasting rust preventative coating. *Meets MIL-C-16173E, Class II, Grade 3 and Aeronautical Specification AMS-3065H.*
- ✚ **Du-Lite SP-725 Cleaner** - A biodegradable USDA approved heavy duty liquid concentrate soap for use in power washers or steam cleaning machinery as a heavy duty cleaner for removal of oil, grease or solid dirt.
- ✚ **Du-Lite "New-Matic"** - Air tool lubricant that prevents up to 80% of parts breakage while protecting equipment in storage up to 18 months.
- ✚ **Du-Lite "Frost Free" and "DBE (directional boring equip.)** - Bio-degradable and environmentally friendly air tool lubricant formulated for year-round use and temperatures to -45° F.
- ✚ **Du-Lite "Rock Drill" Oil** - Formulated in winter and summer blends.
